SUTTON GRAMMAIR

SUTTON GRAMMAIR Journey Information

Year 7 Journey 01 – Map Skills and What is Geography

This unit introduces students to some geographical questions and skills, a study of place and an understanding of local patterns and processes through a focus on Ordnance Survey map skills and atlas work. The start of the journey is intended to ensure that students have a clear idea of what geography is about. The questions and resources are designed to allow a baseline assessment of students' knowledge and understanding. The students will also be introduced to the enquiry process and the concept of key questions.

COURSE OUTLINE

1. Journey 01 Lesson 01 - Introduction to Geography and Passport to Geography
2. Journey 01 Lesson 02 - Introduction to maps and Passport World Map
